 Organised with support by:
 A/Prof Kedar Hippalgaonkar (A*STAR/NTU)
 and Prof Yang Zhang (NUS)

AI for Science Workshop

The **Foundational Research Capability (FRC)** Study led by A/Prof Kedar Hippalgaonkar (NTU/A*STAR) and Prof Yang Zhang (NUS) will be organising an **AI for Science** workshop on 29 Feb 2024 (8.30 am – 4.45 pm).

The workshop will be held at CREATE Theatrette/Seminar Room (Level 2, CREATE Tower, 1 CREATE Way, Singapore 138602), and will be open to researchers, public agencies, and relevant stakeholders. Please click [here](#) for the updated workshop agenda.

As we have received considerable interest in the workshop, we have opened up the option for registrants who have not been confirmed for physical attendance to **participate virtually via Zoom Webinar** at the following link.

Meeting ID: 840 6558 4553

Passcode: 527094

Please feel free to also share this link with your colleagues who may be interested to join the workshop virtually.

AI for Science Scoping Study Report

Please click [here](#) to download the scoping study report on *AI for Science*, which is part of the preliminary efforts of the **Foundational Research Capability (FRC) Study on AI for Science**.

The scoping study report highlights potential areas of opportunity for Singapore to embark on *AI for Science* initiatives. The findings will be supplemented by the AI for Science workshop on 29 Feb 2024, as well as other upcoming workshops in this series and consultations with the community. These will culminate in a full FRC study report that will provide recommendations to help shape AI for Science RIE initiatives in Singapore.

AI for Science Researcher Survey

Please click [here](#) to participate in the *AI for Science* researcher survey, to share how you are applying AI in the course of your research, as well as your views on the most promising ways in which AI can advance scientific research.
